The next pages are maps of University of Calgary Campus showing the location of the ICT building and the attached Earth Science (ES) building and nearby parking lots, Lot 21 (closest) and Lots 12 and 13. Parking is \$8.00 per day (in coins or credit card). **(NOTE: LOT 22 is close BUT cost \$20!)**

Please arrive half an hour before your seminar to ensure that you have enough time for walking to the building and registration. Please check this email address just before the seminar and Follow is on TWITTER @AbacusReview for last minute changes. Please print whichever of the maps will help you locate the parking and path to the building and your seminar room on campus.

For the seminar you should bring pen/paper, calculator and a data booklet for Chemistry. Your text is not required. You should bring a water bottle, snack, and either a lunch (esp for evening classes) or money for lunch(weekend classes). MacEwan Hall is close to the seminar location and has fast food outlets. We have found that the seminars are always more enjoyable when you are with friends, so please invite them to join you. They can ensure a space by registering on-line on the website or they can arrive as walk-ins at the seminar and we can accommodate them if room is available. We look forward to seeing you there.

If you are being dropped off at the labeled ICT Bldg DROP-OFF, that is the location you will be best able to enter all seminar locations. See the maps for a detailed layout of the interior of the buildings and the U of C campus showing roads and parking lots.
